PROFILE

Dedicated senior Computer Science student at University of Tripoli, passionate about network security, ethical hacking, digital forensics, and cloud infrastructure. Hands-on experience with Cisco technologies, penetration testing methodologies, and SOC operations. Eager to contribute to information security teams and pursue cybersecurity excellence.

EDUCATION

BSc in Computer Science (Senior)

University of Tripoli, Libya | Expected graduation: 2026
GPA: Excellent | Focus: Cybersecurity, Networking, Digital Forensics

Relevant Coursework

Network Security, Ethical Hacking, Incident Response, Cryptography, Cloud Computing, Cyber Forensics

CORE COMPETENCIES

Network Security

Penetration Testing

SOC Operations

Incident Response

CERTIFICATIONS & BADGES

CCNA v1.1 200-301 – Networking Academy

Mar 2026

Cisco Certified Ethical Hacker (NetAcad)

Dec 2025

Ethical Hacker – Student level credential

Dec 2025

Cyber Forensics – Great Learning

Dec 2025

CompTIA CySA+ (CSO-003) – Packt / Coursera

Feb 2026

Google Digital Marketing Certification

May 2021

Incident Response & Digital Forensics – IBM

Jan 2026

Oracle Cloud Infrastructure 2025 Certified Foundations Associate

Jul 2025

CompTIA Security+ v7 (SY0-701) – Udemy

Mar 2026

Security Operations Center (SOC) – Cisco / Coursera

2026

HANDS-ON LABS & PROJECTS

• **Penetration Testing & Reporting:** Performed information gathering, vulnerability scanning, and exploitation on wired/wireless networks, including post-exploitation and professional report creation (Ethical Hacker Lab).

• **Network Security Implementation (CCNA):** Configured VLANs, inter-VLAN routing, ACLs, NAT, and OSPF; hands-on labs using Cisco Packet Tracer and real equipment.

• **SOC & Incident Response:** Built security monitoring scenarios, analyzed alerts, and coordinated incident response workflows aligned with NIST framework (Cisco SOC course &

Digital Forensics

Cloud Security (OCI)

Vulnerability Assessment

Wireshark / Nmap

Metasploit

Linux / Windows Security

LANGUAGES

Arabic (Native)

English (Professional Proficiency)

HIGHLIGHT CREDENTIALS

 **CCNA v1.1 200-301** Mar 2026

 **Cisco Certified Ethical Hacker**
Dec 2025

 **CompTIA Security+ (SY0-701)**
Mar 2026

 **OCI Foundations Associate 2025**
Jul 2025

IBM IR).

- **Digital Forensics & Cyber Forensics:** Acquired and analyzed disk images, memory forensics, and log analysis using open-source tools; completed forensic investigation reports.

- **Cloud Security (OCI):** Deployed compute instances, configured security lists, IAM policies, and explored cloud-native security best practices.

ACADEMIC & LEADERSHIP

- Active member of University of Tripoli Cybersecurity Club, leading workshops on ethical hacking basics.
- Completed 36+ hours CCNA intensive training, 31+ hours Security+ certification track.
- Developed custom vulnerability scanning scripts (Python) for network reconnaissance.
- Achieved multiple vendor-recognized badges from Cisco, IBM, Oracle, and CompTIA.

 Tripoli, Libya | Open to security analyst, network engineer, and SOC opportunities | verified credentials upon request
